

A Poor Weak Woman

As she is termed, will endure bravely and patiently agonies which a strong man would give way under. The fact is women are more patient than they ought to be under such troubles.

Every woman ought to know that she may obtain the most experienced medical advice free of charge and in absolute confidence and privacy by writing to the World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y. Dr. Pierce has been chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for many years and has had a wider practical experience in the treatment of women's diseases than any other physician in this country. His medicines are world-famous for their astonishing efficacy.

The most perfect remedy ever devised for weak and delicate women is Dr. Pierce's Favorite Prescription. IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

The many and varied symptoms of women's peculiar ailments are fully set forth in Plain English in the People's Medical Adviser (1008 pages), a newly revised and up-to-date Edition of which, cloth-bound, will be mailed free on receipt of 31 one-cent stamps to pay cost of mailing only. Address as above.

WILL BUILD TWO COUNTY LINE BRIDGES

JOINT SESSION OF FULTON AND MARSHALL COMMISSIONERS DECIDE TO MAKE TWO 60-FOOT SPANS

FRANCHISE GRANTED

Kruyer Makes Last Report on County Farm—Wire Screens To Be Put On Jail for Protection

April 6.—The joint session of the Marshall and Fulton county commissioners yesterday in Plymouth resulted in their decision to build on the county line between Tippecanoe and Newcastle townships, two bridges each to be 60 feet long and similar in construction.

County surveyor Schoonover made his report on the abutments for these bridges. The joint board ordered advertisements for the bids, which they will receive at their next joint session on May 2, in Plymouth. The time occupied in the joint session was short. So short in fact that the Fulton county board said they wished they had come up on the 4:17 and returned on the 5:00 train.

T. O. Saine of Culver was granted an electric light franchise around Lake Maxinkuckee for a period of fifty years. Mr. Saine already has a fifty year grant for the town of Culver, and it is his intention to serve both the town and the cottages around the lake with electric light and power. He was given three years by the board to put his plant into operation. He in turn is to give a bond of \$500 to protect the county from any damages which might come from his operation of the plant.

The board ordered that wire screens be put on the jail, the purpose being to prevent anyone from passing articles through the bars to the prisoners.

Bids for furnishing supplies for the county farm resulted as follows: Ball & Co., boots and shoes, dry goods \$ 51.93

M. Lauer, clothing 49.55

Geo. Vinnal, groceries 126.16

Buel's Hardware, oils hardware and twine 90.95

The new county farm superintendent was given authority to sell some steers, for the best price obtainable. Mr. Kruyer's final report as superintendent was received and approved. It showed 34 inmates in the asylum. He also reported as on hand four fat steers, 100 bushels Irish potatoes, 800 bushels wheat, 150 bushels oats and 600 bushels of corn.

The board ordered bids for coal for next year's supply. It is to be the best grade of Pocahontas.

One Conductor Helped Back to Work

Mr. Wilford Adams is his name, and he writes:

"I was confined to my bed with chronic rheumatism and used two bottles of Foley's Kidney Remedy with good effect. The third bottle put me on my feet and I resumed work as conductor on the Lexington, Ky., Street Railway. It will do all you claim in cases of rheumatism. It clears the blood of uric acid."

Secure Two "Water Turkeys."

A few days ago Gene Marshall was showing about town a "water turkey" commonly called a loon. He shot it up Yellow river. It is about the size of a large duck and has a similar appearance, except that its bill is pointed. Some boys in the west end of Plymouth "have caught alive the mate to the "turkey" "Gene" shot.

SCARLET FEVER NEAR.

Bremen Has Epidemic and Plymouth Parents Are Warned To Protect Their Children.

The Plymouth Board of Health wish to warn parents to care for their children and protect them from the present dangers of scarlet fever. Bremen has an epidemic of it, so that all public gatherings have been discontinued. There are one or two cases in Plymouth and parents should be careful in allowing their children to attend public places.

IN MEMORY OF DR. J. E. BROOKE (By Daniel McDonald)

On Sunday afternoon, April 2, 1911, there was laid away to his final rest in Oak Hill cemetery, one of the oldest citizens, 91 years, and also one of the oldest residents of Plymouth, in the person of Dr. J. E. Brooke, whose death occurred after an illness of several months of old age and general debility, March 31, 1911. For several days he had been rapidly declining and his aged wife and daughter, Mrs. Helm, who were in constant attendance upon him, were not surprised when the end came. Having passed a restless night, early in the morning he went into a deep sleep, from which he did not awake, thus in reality passing away "like one who wraps the drapery of his couch about him and lies down to pleasant dreams." At his advanced age, the end came quietly and peacefully, just as he wished it, and he could truthfully have said:

"Life, we've been long together, Through pleasant and through stormy weather. 'Tis hard to part when friends are dear— Perhaps 'twill cost a sigh, a tear: Then steal away give little warning: Choose thine own time; Say not good night, but in some brighter clime Bid me good morning."

A visit to his bedside a week prior to his passing away indicated that although his physical frame was exhausted, he was in full possession of his mental faculties. He realized as do all who may be passing down the hill of life that the end could not be far in the future. He realized as we all do that to all things animate the end must come; from it there is no escape; that wherever there is a beginning there follows an ending; that from this inevitable law of nature there is no escape. Where ever there is life death is sure to follow. And after all, "our deceased friend might have asked, what is life and what is death? Mankind are born and then die and turn to dust and are forgotten. Everything passes away; the singer and his song will be forgotten; the poet's sweetest dream will vanish, and the painter's most beautiful conception on canvas will fade. All history in time becomes fable, legend, myth, and finally oblivion covers the record. And so on everything in existence—animate and inanimate, is written—"The End," and the records are closed beyond amendment or correction.

He belonged to no church organization, believing that the moral and upright life one lives, is an acceptable record at the final accounting.

As like many others he believed, but has been beautifully said, and as he could have truthfully declared:

"I cannot believe that earth is man's abiding place. It cannot be that our life is cast up by the ocean of eternity to float upon its waves and then to sink into nothingness else why is it that the glorious aspirations which leap like angels from the temples of our hearts are forever wandering about unsatisfied? Why is it that the rainbow and clouds come over us with a beauty that is not of earth and pass off and leave us to muse on the faded loveliness? Why is it that the stars which hold their festival around the midnight throne are set above the grasp of our limited faculties forever mocking us with their unapproachable glory? And finally why is it that the bright forms of human beauty are presented to our view and then taken away from us, leaving the thousand streams of affection to flow back in Alpine torrents on the hearts? We are born for a higher destiny than that of earth. There is a realm where the rainbow never fades; where stars will be spread out before us like islands that slumber one the ocean, and where the beings that pass out before us like shadows shall stay in our presence forever."

Mrs. Irvin Knoots

Bremen April 6—Mrs. Irvin Knoots age 30 years, died at the St. Joseph hospital in South Bend Tuesday and the body was taken to Bremen Wednesday evening. She leaves a husband and two small children. The funeral was held this afternoon at the home of Alfred Knoots, burial in Bremen cemetery.

WAS EXPERT WITNESS IN BIG RATE CASE

SAMUEL SCHLOSSER CALLED TO COLUMBUS, O., TO TELL FACTS ABOUT CREAMERY INDUSTRY TRY IN INDIANA.

WILL DEFEAT RAISE

Shippers Fight Attempted Increase of Fifty Per Cent On Cream and Will Save Large Amount.

Samuel Schlosser has just returned from Columbus, O., where he has been for several days as an expert witness before the Interstate Commerce Commission. Mr. Schlosser was on the witness stand for over three hours, questioned by shippers' and railway attorneys.

A number of railways in the Central Traffic Association district which includes Indiana, Ohio and part of Pennsylvania, decided to raise the rate on cream fifty per cent, and the interested industries objected. They took the matter before the Interstate Commerce Commission and showed facts which they think will prevent the intended increase of rates. Mr. Schlosser was the chief expert witness for the creamery industry of Indiana, and as such his testimony was very valuable. The Schlosser company ships three times as much product as any other concern in the state.

One of the three attorneys who represented the industries opposed to the raise in rate was Judge McAdams of Lafayette, formerly on the Indiana State Railway Commission. The case may not be decided for several months, but Mr. Schlosser believes there is no doubt that the case made against the raise in rate will give a decision of the Commission against the roads. There were perhaps twenty-five witnesses altogether.

SPECIAL SERMONS AT CHRISTIAN CHURCH

During the months of April and May the pastor of the Christian church will deliver a series of Sunday morning sermons on the "Message of Christ" the first of these April 9 will be on "The Sonship of Christ" another on "A Risen Christ" etc.

During the same two months the evening sermons will deal with "Problems of Society." The first of these April 9th will be on "The (So Called) Bad Boy" the next on "The (So Called) Good Citizen."

The public are invited to attend these meetings and enjoy the fellowship of the little home church. Thank you.

A Reliable Medicine—Not a Narcotic

Mrs. P. Marti, St. Joe, Mich., says: "Our little boy contracted a severe bronchial trouble and as the doctor's medicine did not cure him, I gave him Foley's Honey and Tar Compound in which I have great faith. It cured the cough as well as the choking and gagging spells and he got well in a short time. Foley's Honey and Tar Compound has many times saved us much trouble and we are never without it in the house. Sold by all Druggists."
